Digital Provider Enrollment Application Training

Welcome to Digital Provider Enrollment Application Training with Healthy Blue. Digital provider enrollment is a way to enroll to become a participating provider with Healthy Blue to serve Medicaid members. The tool is hosted in the Availity Portal.* It uses Council for Affordable Quality Healthcare, Inc. (CAQH) ProView®* to extract data from the provider's CAQH profile.

- Tuesday, June 29, 2021
- 12:30–1:30 p.m. CT

You can use the application to:

- Add new providers to an existing participating group.
- Contract and enroll as a new individual provider or group of providers.

Currently, ancillary and facility providers are the only excluded provider types. These providers should continue to use the current enrollment process.
